

9/11 Truth for Peace

When: July 15, 2006 10:00 AM to 2:00 PM
Where: ZEN Center of Denver 3101 W 31st Avenue

The attacks on 9/11/01 have provided the rationale for the “*War on Terror*”, including the invasions of Afghanistan and Iraq, the Patriot Act, the Guantanamo Bay imprisonments, among other actions of the Bush administration. Yet, according to a Zogby poll in 2004, 49% of New York City respondents believe our government was complicit in these attacks. In addition, 66% of New Yorkers and 45% of Americans endorse a new criminal investigation.

We invite you to find out why.

Join the millions of people who are learning how to can contribute to a positive world instead of being trapped in needless struggle based on misinformation.

We offer a special welcome to skeptics, and an emphasis on facts with power point presentations, we look at

- The historical precedents (of False Flag Operations)
- The failure of our air defense system on 9/11,
- The collapse of the WTC towers, and the unexplained collapse of WTC #7.

Our guest presenters include

Michael Anderson, artist and businessman,

Tim Boyle, manager in a software co.,

Fran Shure, business owner and psychotherapist, and

Presented by www.colorado911visibility.org and www.911think.com

A FEW FACTS ABOUT 9/11 EVENTS

Everyone knows that two World Trade Center towers fell on 9/11, but did you know about the third?

The third was WTC 7, a 47-story, steel-framed skyscraper located a block away from the twin towers. It collapsed at 5:20 PM, falling like a professionally engineered demolition, straight down at free-fall speed into neat pile of rubble without damaging any of the surrounding buildings.

Surprisingly, the owner of the building admitted on the PBS documentary "America Rebuilds" that he and the New York Fire Dept. decided to "pull" the building that day. "Pull" is an engineering term meaning "to demolish". It takes many weeks to design and implement large demolitions!

Also, why did FEMA spend millions of dollars and months studying the reason for the collapse if the building was intentionally destroyed that day? Astonishingly, there is no mention of WTC Building 7 or its remarkable collapse in the 571-page "9/11 Commission Report."

Come and learn about:

The US historical precedents to false-flag operations

The government failure to initiate routine interception of wayward planes

The Secret Service failure to protect Bush when USA under attack

That fire has never before caused any steel-framed skyscraper to collapse

That near free-fall speed of collapses seem explained by controlled demolition

That crucial evidence at the crime scene was quickly removed in violation law

That government officials were warned not to fly on 9/11/01

That there were warnings about the attacks from at least 11 countries

That an official 9/11 Commission was resisted by Bush for 411 days

That FBI agents were hindered from investigating some of the alleged hijackers

That 4-6 "hijackers" are still alive & some trained at US military bases

With a special welcome to skeptics, and an emphasis on facts with power point presentations, we look at historical precedents, the failure of our air defense system on 9/11, the collapse of the WTC towers, and the unexplained collapse of WTC #7. Welcome to those with the courage to look at this most pressing issue of our era.
